

Beside preaching the gospel of Jesus Christ to the generation the outreach church has teaching young boys and and girls those who did not have the opportunity to get an education

Her name is chaltu who couldn't walk she moving on her hands her job was looking after cattle in the rural areas of Ethiopia the church allowed her to attend medical treatment so that she could stand on her feet so that she could attend her studies the picture below show the life of chaltu.

And the picture below shows that the organization collects and teaches them from rural areas. The disabled people, who have no mother or father or orphanage or women's about to be abducted in rural

areas

It is only a small part of the work we do regarding education
